

Product Specification

Product Name **Methyl 4-Indolecarboxylate**
Syn: Methyl indole-4-carboxylate

CAS No. 39830-66-5

Structure

Mol. Formula **C₁₀H₉NO₂**

Mol. Weight 175.18

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	White to off-white micro-crystalline solid
-------------------	---

Identity	IR
-----------------	-----------

Mp	68-71 °C (Lit.)
-----------	------------------------

Assay	99%
--------------	------------

Fp	N/A
-----------	------------

LOD	N/A
------------	------------

Ash Content	< 0.3%
--------------------	------------------

Heavy Metals (Pb)	< 20 ppm
--------------------------	--------------------

Storage: Maintain in cool, dry dark containment
