## Product Specifications

### **Aminoguanidine Hydrochloride**

**CAS** 1937-19-5

**Syn:** Hydrazinecarboximidamide Monohydrochloride;  
Aminoguanidine Monohydrochloride; Aminoguanidinium Chloride

**Structure:**

**Mol. Formula**  
**Source**

**CH<sub>6</sub>N<sub>4</sub> · HCl**  
Totally synthetic. No animal or plant products involved

**Mol. Wt.**

110.54

<i>Test</i>	<i>Specification</i>
<b>Identity</b>	IR
<b>Appearance</b>	White crystalline solid
<b>pH (10% aq. Soln.)</b>	4.5-7.0
<b>Mp</b>	> 160 -164 °C
<b>Assay (potentiometric titration)</b>	> 98 %
<b>Extraneous Cl</b>	< 0.02%
<b>LOD (105 °C)</b>	< 0.3 %
<b>Ash (residue on ignition)</b>	< 0.02 %
<b>Heavy metals</b>	< 20 PPM
<b>Fe</b>	< 10 ppm

**Storage and Handling:** Hygroscopic solid; store, handle and treat accordingly.

**Shelf-life:** Two years when stored appropriately (i.e. in a cool, dry place)
