

Product Specification

Product Name 2,4,6-Trifluoropyridine

Syn:

CAS No. 3512-17-2

Structure

Mol. Formula C₅H₂F₃N

Mol. Weight 133.0

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Clear, colorless to pale-yellow liquid
-------------------	---

Identify	IR
-----------------	-----------

Bp	94-96 °C (Lit.)
-----------	------------------------

Assay(glpc)	> 98%
--------------------	-----------------

Fp	N/A
-----------	------------

Heavy Metals	< 10 ppm
---------------------	--------------------

Ash	< 0.1%
------------	------------------

Storage: Maintain in cool, dry containment
