

Product Specification

Product Name **2,6-Dichloro-3-nitropyridine**
Syn:

CAS No. 16013-85-7

Structure

Mol. Formula **C₅H₂Cl₂N₂O₂**

Mol. Weight **192.98**

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Pale-yellow micro-crystalline solid
-------------------	--

Identify	IR
-----------------	-----------

Mp	62-64 °C (Lit.)
-----------	------------------------

Assay(glpc)	> 98%
--------------------	-----------------

Fp	N/A
-----------	------------

Heavy Metals	< 20 ppm
---------------------	--------------------

Ash	< 0.1%
------------	------------------

Storage: Maintain in cool, dry containment
