

Product Specification

Product Name **2-Amino-3-bromo-5-chloropyridine**
Syn: 3-Bromo-5-chloro-2-pyridinamine;
 2-Amino-3-bromo-5-chloropyridine;
 3-Bromo-5-chloropyridin-2-amine

CAS No. **26163-03-1**

Structure

Mol. Formula **C₅H₄BrClN₂**

Mol. Weight **207.4**

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Off-white to beige micro-crystalline solid
-------------------	---

Identify	IR
-----------------	-----------

Mp	82-84 °C (Lit.)
-----------	------------------------

Assay(hplc)	> 98%
--------------------	-----------------

Heavy Metals	< 20 ppm
---------------------	--------------------

Ash	< 0.1%
------------	------------------

Fp	N/A
-----------	------------

Storage: Maintain in cool, dry containment
