

Product Specification

Product Name **2-Amino-5-(trifluoromethyl)pyridine**
Syn: 5-(Trifluoromethyl)-2-aminopyridine;
(5-Trifluoromethylpyridin-2-yl)amine;
5-(Trifluoromethyl)-2-pyridinamine

CAS No. 74784-70-6

Structure

Mol. Formula **C₆H₅F₃N₂**

Mol. Weight 162.1

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Off-white to pale yellow microcryst. solid
-------------------	---

Identify	IR
-----------------	-----------

Mp	45-49 °C (lit.)
-----------	------------------------

Assay (hplc)	> 98%
---------------------	-----------------

Heavy Metals	< 20 ppm
---------------------	--------------------

Moisture	< 1 %
-----------------	-----------------

Ash Content	< 0.2%
--------------------	------------------

Storage: Maintain in cool, dry containment
