

Product Specification

Product Name **2-Chloro-3-amino-5-bromopyridine**
Syn: 5-Bromo-2-chloro-3-pyridinamine;
 5-Bromo-2-chloro-3-aminopyridine

CAS No. **588729-99-1**

Structure

Mol. Formula **C₅H₄BrClN₂**

Mol. Weight **207.45**

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Off-white to beige micro-crystalline solid
-------------------	---

Identify	IR
-----------------	-----------

Mp	129-130 °C (Lit.)
-----------	--------------------------

Assay(hplc)	> 98%
--------------------	-----------------

Heavy Metals	< 20 ppm
---------------------	--------------------

Ash	< 0.1%
------------	------------------

Fp	N/A
-----------	------------

Storage: Maintain in cool, dry containment
