

Product Specification

Product Name **2-Fluoro-5-(trifluoromethyl)pyridine**
Syn: 5-(Trifluoromethyl)-2-fluoropyridine;

CAS No. **69045-82-5**

Structure

Mol. Formula **C₆H₃F₄N**

Mol. Weight **165.0**

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Clear, colorless to pale yellow liquid
-------------------	---

Identify	IR
-----------------	-----------

Bp	135 °C (lit.)
-----------	----------------------

Assay (glpc)	> 98%
---------------------	-----------------

Heavy Metals	< 20 ppm
---------------------	--------------------

Moisture	< 1 %
-----------------	-----------------

Ash Content	< 0.2%
--------------------	------------------

Storage: Maintain in cool, dry containment
