

Product Specification

Product Name **2-Nitro-3-hydroxypyridine**
Syn: 3-Hydroxy-2-nitropyridine

CAS No. 15128-82-2

Structure

Mol. Formula **C₅H₄N₂O₃**

Mol. Weight **140.10**

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Yellow solid
-------------------	---------------------

Identify	IR
-----------------	-----------

Mp	69-71 °C (lit)
-----------	-----------------------

Assay (glpc)	> 98%
---------------------	-----------------

Heavy Metals	< 20 ppm
---------------------	--------------------

Moisture	< 1 %
-----------------	-----------------

Ash Content	< 0.2%
--------------------	------------------

Storage: Maintain in cool, dry containment
