

Product Specification

Product Name 3-Hydroxy-2-pyridinecarboxylic Acid
Syn:

CAS No. 824-24-8

Structure

Mol. Formula C₆H₅NO₂

Mol. Weight 123.1

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	White solid
-------------------	--------------------

Identify	IR
-----------------	-----------

Mp	133-134 °C (lit.)
-----------	--------------------------

Assay (glpc)	> 98%
---------------------	-----------------

Heavy Metals	< 20 ppm
---------------------	--------------------

LOD	< 1 %
------------	-----------------

Ash Content	< 0.2%
--------------------	------------------

Storage: Maintain in cool, dry containment
