

Product Specification

Product Name **4-n-Propylpyridine**
Syn: 1-(4-Pyridyl)propane; 4-Propylpyridine

CAS No. 1122-81-2

Structure

Mol. Formula **C₈H₁₁N**

Mol. Weight 121.18

| <i>Test</i> | <i>Specification</i> |
|-------------|----------------------|
|-------------|----------------------|

| | |
|-------------------|---|
| Appearance | Clear, colorless to pale-yellow liquid |
|-------------------|---|

| | |
|-----------------|-----------|
| Identify | IR |
|-----------------|-----------|

| | |
|-----------|--------------------------|
| Bp | 189-191 °C (Lit.) |
|-----------|--------------------------|

| | |
|--------------------|-----------------|
| Assay(hplc) | > 98% |
|--------------------|-----------------|

| | |
|---------------------|--------------------|
| Heavy Metals | < 10 ppm |
|---------------------|--------------------|

| | |
|----------------------------|---------------------|
| Index of Refraction | 1.497 (Lit.) |
|----------------------------|---------------------|

Storage: Maintain in cool, dry containment
