

Product Specifications

Product Name: 2-Amino-5-bromopyrimidine

Syn.: 5-Bromo-2-aminopyrimidine

CAS No.: 7752-82-1

Structure:

Mol. Formula C₄H₄BrN₃

Mol. Wt. 174.0

<i>Test</i>	<i>Specification</i>
-------------	----------------------

Appearance	Off-white to pale yellow solid
-------------------	--------------------------------

Identity	IR
-----------------	----

Bp	N/A
-----------	-----

Mp	241-243 °C [lit]
-----------	------------------

Assay (glpc)	≥ 98 %
---------------------	--------

LOD	< 1%
------------	------

Heavy Metal	< 20 ppm
--------------------	----------

Ash on Ignition	0.3 %
------------------------	-------

Packaging: Fiber Drum
